

DECOR F.A.Q

Q - What décor is included in your package?

A - We have a HUGE amount of décor to choose from, in different styles!

Centre-peices including log slices, candle holders/votives, vases, Gypsophilia (Baby's Breath flowers), table scatters, Table plan Easel, Rustic Log Cake Stand & knife, lockable Wooden Card Box, Sashes for your Chiavari Chairs (around 70 different colours to choose from in various fabrics, hessian, satin, organza, sparkly organza, taffeta or lace!).

Q - Can I bring in my own décor?

A - Absolutely - mix & match with ours or use everything of your own, it's entirely up to you!

Q - Are real candles allowed or battery operated only?

A - Real candles are fine, they just need to be housed in a vessel (we have a large selection of tealight holders, vintage style, rustic or pastel colours included in your package) or if you want to bring your own no problem! If you're planning on Candelabras, then they just need to have something underneath them to catch any drips, a mirrored tile is ideal and readily available online or The Range etc?

Q - Is there a table that we can use for our card box etc?

A - Absolutely - the table is big enough for your Card Box, Cake Stand, Guest Book and any other bits you might want such as Confetti, Photo Frames, Memory Candle etc.

Q - Do you have an easel for Table Plan and/or Signage?

A - Absolutely, we have one in the Barn and also in The Garden Room, you can use free of charge! We love a cute sign, so go for it!

Q - Is there a room decor fee?

A - Not unless you bring truck loads, lol! If you know you have HUGE amounts of decor, please inform us at your final meeting, so we can make sure we rota on extra staff. We'll happily put out your decor for you, please understand that we're not florists - if you want arrangements, please hire a florist.

Q - Are there any restrictions on decor?

A - We're super flexible, so if you want your florist to create a floral display wrapped around the Chandelier or Gallery Railings then go for it! The only thing we ask is you don't pin or stick anything to the painted parts of the walls, but with so much wood to pin/stick things too it's never a problem! We don't allow balloons in the Barn as if they become unweighted the ceiling is too high to retrieve them. Mirrored tiles underneath Chandeliers with live candles, but that's about it!
