

USEFUL QUESTIONS TO ASK WHEN VIEWING VENUES

• **What exactly is included in the price? We're aware that some venues have fees for everything from cutting your cake up, to turning outside lights on! Our prices are transparent, and we'll never add on any of these ludicrous charges!**

• **Can I have my wedding exactly how I want it? Some venues insist that all weddings have to be the same, i.e. timings of the day, not offer bespoke menus and offer no flexibility on how you want your day to go. Here, we want you to have the day YOU want!**

• **Will I get support from the venue? We have an award winning team on hand for help along the way.**

• **Who will be the team on the day? Our experienced team are close knit and will deliver every moment as you want it, would venues who use "agency staff" deliver that same attention to detail?**

• **What is your bar like? Are the beers on the pumps good? What are the prices like? Both our bars are fully stocked and deliver great pints at prices that won't leave you reeling!**

• **Is there nearby accommodation for guests staying offsite? Here we have the choice of 500+ over hotel beds around us within a ten-minute taxi ride, so you'll never struggle to stay close by.**

• **Does the venue have a fantastic heating system & air conditioning?**

It should have both (as we do!). If not, you may be too cold Autumn to early Spring or far too hot in Summer, both will result in guests feeling uncomfortable and probably leaving early!

• **Can I bring my dog? Fur babies are family too, you wouldn't leave grandma at home would you, (and usually all your "dog sitters" will be with you anyway, here, you can bring them along!)**

• **Do you include VAT? Our prices are transparent, they DO include VAT. Don't forget if they don't, add 20% on to the other venues price (ouch!).**

• **Who clears up? At the end of the best day ever, do you reeeally want to have to ask guests to help you clear up, or God forbid, do it's yourselves at midnight or "delicate" the next morning?! Here, we pack everything up for you, so all you need to do is pop it in your boot after breakfast!**

• **What time is check out the next morning? For that all important lie in or long lazy breakfast with you nearest & dearest! Here, you don't need to check out until 11am...bliss!**

• **Can I come back after my Wedding? If your venue is fully-exclusive then answer is no! Here you have the best of both worlds! The Tithe Barn, The Garden Room, Enchanted Garden & Bedrooms are exclusively yours, but having a Restaurant onsite means you CAN come back and relive the memories of your day on your Anniversary! We love seeing our couples over the years, so when you "check out" after your wedding it's au revoir, not goodbye!**
